Michael Chatellier

Frontend Developer

📍 Hammond, Louisiana   💼 LinkedIn   🌐 Portfolio   💻 GitHub

Results-driven Frontend Developer with hands-on experience building responsive web applications using React.js and Next.js. Proven track record of translating designs into pixel-perfect interfaces, integrating APIs, and delivering high-quality code. Leverages 3+ years of leadership and problem-solving skills from management roles to excel in collaborative development environments. Passionate about creating immersive user experiences with modern web technologies.

PROFESSIONAL EXPERIENCE

Frontend Developer Intern

Frontend Simplified

November 2024 - Present

Remote

- Collaborated with designers to translate Figma designs and mockups into responsive, user-friendly interfaces
- Built and maintained frontend components using React.js and Next.js following best practices
- Consumed and integrated data from RESTful APIs and GraphQL to enable dynamic, data-driven functionality
- Wrote clean, maintainable code following industry best practices and internal coding standards
- Gained hands-on experience working within a production-level codebase
- Improved debugging and problem-solving skills through real-world tasks and mentorship from senior developers

Dispatch Supervisor

XL Parts

January 2023 - September 2024

Ponchatoula, Louisiana - On-site

- Assigned and scheduled delivery routes for drivers based on daily orders and delivery zones

- Maintained constant communication with drivers via radio or dispatch software

- Provided real-time support to drivers resolving issues during delivery

- Collaborated with warehouse staff to confirm parts availability and correct order pulling

- Coordinated with warehouse team leads, sales staff, and store managers

- Trained new drivers and dispatchers, improving team efficiency

Retail Store Manager

AutoZone

June 2021 - January 2023

Ponchatoula, Louisiana - On-site

- Led team to ensure outstanding customer service and expert automotive advice

- Recruited, trained, supervised, and developed store employees including Assistant Managers

- Created weekly schedules to ensure proper staffing levels and labor cost control

- Monitored key performance indicators (KPIs) including sales volume and average ticket size

- Maintained store compliance with company policies and OSHA standards

- Managed cash handling procedures and ensured accurate completion of daily reports

FEATURED PROJECTS

Interactive 3D Portfolio Website

- Developed an immersive portfolio using React Three Fiber and Three.js for stunning 3D visualizations

- Implemented responsive design with Tailwind CSS and GSAP animations for smooth user interactions

- Created reusable 3D components including interactive room models with dynamic lighting effects
- Integrated EmailJS for contact form functionality and optimized performance across all devices

Technologies: React, Three.js, GSAP, Tailwind CSS, Vite

Summarist - Book Summary Platform

- Built full-stack application using Next.js 14 with App Router, TypeScript, and Turbopack
- Integrated Stripe payment processing for secure subscription management
- Implemented audio playback functionality and personalized book recommendations
- Deployed on Vercel with optimized performance and server-side rendering

Live: summarist-internship-one.vercel.app

Skinstric A.I. - Skincare Recommendation Platform

- Architected responsive platform delivering AI-driven personalized skincare routines
- Integrated third-party AI API for real-time skin analysis using Axios
- Implemented advanced form validation and user input handling

Live: skinstric-a-i-internship.vercel.app

Ultraverse - NFT Marketplace

- Designed intuitive interface with category-based browsing for digital assets
- Developed author profile system with verification status and social metrics
- Implemented smooth animations and lazy loading for optimal performance

Live: michael-internship-eight.vercel.app

TECHNICAL SKILLS

Frontend Development

React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS

3D & Animation

Three.js, React Three Fiber, GSAP, Framer Motion, WebGL

Backend & APIs

Node.js, RESTful APIs, GraphQL, Stripe Integration, Firebase

Tools & Workflow

Git, Figma, Vite, Webpack, npm/yarn, Vercel, Redux

PROFESSIONAL SKILLS

- **Leadership:** 3+ years of management experience leading teams of 10+ employees
- **Communication:** Excellent verbal and written skills from customer-facing roles
- **Problem-Solving:** Strong analytical skills developed through debugging and real-world coding challenges
- **Time Management:** Proven ability to handle multiple projects and meet deadlines

ACHIEVEMENTS

✓ Certified Frontend Developer - Frontend Simplified

✓ 3 Successful Internship Projects - Delivered production-ready applications

✓ 10+ Completed Projects - From concept to deployment
